Cryptography and Hashing  
Overview

The Merkle Tree and  
Cryptocurrencies

The Blockchain System

07/31/2020

**DANISH RAZZAK SHAIKH**

has successfully completed the online, non-credit Specialization

## Blockchain

Gain a fundamental understanding of blockchain technology and its components. Learn how such applications as cryptofinance makes use of the blockchain for decentralized, peer-to-peer transaction processing. Apply your knowledge of blockchain technology to enhance your trust and confidence in cryptocurrency trading and other situations where the blockchain is used.

Stefano M. Stefan, Ph.D.  
University of California,  
Irvine

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
